Professional Summary

Frontend Developer with 9+ months of hands-on experience building production web applications using React.js, TypeScript, Astro, Vite, and Tailwind CSS. Contributed to a live healthcare prescriber portal for a UK-based client, building reusable UI components, integrating RESTful APIs, and delivering responsive, accessible user interfaces. Seeking to bring strong React fundamentals and real production experience to a growing frontend team.

Technical Skills

Languages: HTML5, CSS3, JavaScript (ES6+), TypeScript
Frontend: React.js, Astro, Vite, Tailwind CSS, Bootstrap, React Hooks, Context API, Zustand
API: RESTful APIs, Axios, TanStack Query, TanStack Table
Backend: Node.js, Express.js, NestJS
Database: MongoDB, MySQL
Tools: Git, GitHub, Postman, Vercel, Shopify APIs

Work Experience

Frontend Developer Oct 2025 – June 2026
CSharma Consultancy, Jalandhar, Punjab (On-site)

- Engineered core modules of the production-ready **YourMedicals Prescriber Portal**, a live healthcare platform for a UK-based client.
- Built reusable UI components and responsive layouts using **React.js, TypeScript, Astro Framework, Vite**, and **Tailwind CSS**, ensuring cross-device consistency.
- Developed a full-featured **Order Management Dashboard** with filtering, sorting, pagination, and search using **TanStack Table**; integrated **RESTful APIs** via **Axios** and optimized data fetching/caching with **TanStack Query**.
- Collaborated with backend developers, QA engineers, and designers in an **Agile** environment using **Git**, participating in sprint planning and code reviews to ensure timely, quality releases.

Projects

YourMedicals Prescriber Portal

- Engineered the frontend of the production-ready **YourMedicals Prescriber Portal** for a UK-based healthcare client, delivering reusable components, responsive layouts, and a seamless user experience.
- Architected secure REST API integrations using Axios and TanStack Query, streamlining data fetching and state management to boost application performance and reliability.
- Tech Stack:** Astro, React.js, TypeScript, Tailwind CSS, Axios, TanStack Query

EventElite

- Developed a full-stack event management platform with secure authentication, event creation, registration, and user management features.
- Tech Stack:** HTML, CSS, JavaScript, Node.js, Express.js, MySQL

RentNest

- Built an Airbnb-inspired rental booking platform featuring user authentication, property listings, booking workflows, and review management.
- Tech Stack:** Node.js, Express.js, MongoDB, EJS

Education

Master of Computer Applications (MCA) Lovely Professional University, Punjab (<i>Correspondence</i>)	2025 – 2027
Bachelor of Computer Applications (BCA) DAV College, Jalandhar, Punjab	2022 – 2025

Certifications

Full Stack Web Development (MERN) – Apna College (view certificate)	2025
NIIT Foundation Program – Infosys Foundation (view certificate)	2025
